1. Mrs. Miller would like to replace existing desks with several 6-person tables. From STAPLES, 4-5 tables at \$200/each with free shipping. Looking for a place to store existing desks for future use—if you have or know of a (dry) place to store the desks, please contact Mrs. Miller. Thanks!
2. Staff would like to start investigating a storage replacement for the POD—the current storage unit is a safety hazard with no electricity, difficulty stacking chairs safely, and poor ventilation leading to extensive mold growth.
--Pursue the idea of extending the existing ball room on the West side of the play shed. Angela McGraw will talk to her husband about the possibility of drawing up engineering plans.
