										2:15 - 3:00 Teacher-Facilitated Learning: Google Meets

Key Terms

Teacher-Facilitated Learning Opportunity (Synchronous)
Approximately 60 minutes/day

Students meet with their Evergreen teacher live via Google Meets. Teachers will provide instruction "virtually". These sessions will be recorded and posted in Canvas.

Applied Learning (Teacher-Facilitated Asynchronous)

Students will view videos, read texts, practice, and complete assessments provided by their teacher. Most of these resources will be available through the Edgenuity online curriculum, but some may be supplementary. This time is flexible, as students work independently. As long as work is completed, it does not need to be done in these time frames.

"WIN" (What I Need) Intervention Support

This is a designated time in which individual students receive additional support based on their specific needs, such as SpEd, ESL, and 504. This is likely to occur in a one-on-one or small group format. Students who are not assigned these supports should use this as "Applied Learning" time.

Office Hours

Each day, teachers are available for additional office time during which students and parents are able to check for understanding and receive additional support. These times may need to be adjusted as we go. To avoid conflicts, office hours are by appointment, so please contact the teacher in advance to schedule your time. Otherwise, use this time as "Applied Learning" time.

Wellness Choice/Lunch

This is time for students to take breaks in their day to care for their physical and mental health. This time may be spent on PE, nutrition/meal breaks, physical rest, or counselor time.
